It is reported that the local
Municipality at Harihar is paying
Rs 14/- per mensem to each full-time

Financial Concurrence is required
to the proposal submitted for orders.

1) The C.E.F. recommends that the present
appointment of a part-time scavenger on
Rs 3 1/2 p.m. for Harihar Sub. P. may be
converted into a full-time job on Rs 14 1/2 p.m. as
it is difficult to secure the services of a part-time
worker due to the increased living conditions.
Besides, it is said that the local Municipality is
paying Rs 14/- p.m. to each full-time scavenger.
Financial Concurrence is reqd. for the proposal.

2) Having regard to the present strength
of the colony and the fact a part-time man has ^{all along} attended
to the needs, it would appear a full-time man is to be
appointed only when a part-time man at enhanced rates
is necessary, was not obtainable.

GOVERNMENT OF MYSORE
ELECTRICAL DEPARTMENT

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore, 26th April.....1947.

(MYSORE, S. INDIA.)

To

The Secretary to Government,
Electrical Department,
B a n g a l o r e.

S i r,

Sanitation Establishment - Harihar.

I have the honour to invite your kind reference to Government Order No.EDS.462-4 dated 18-8-1942, sanctioning the appointment of a part-time scavenger on Rs.3/- per mensem for Harihar Sub-section and to state that the Superintendent, Power and Lighting, Bhadravathi, has informed me that the present incumbent in the appointment is reluctant to continue in his job owing to the increased cost of living and the considerably low remuneration attached to the appointment. During the last five years, living conditions have changed considerably and it is therefore not possible to procure men to do the part-time work for the small remuneration. It is reported that the local Municipality pay Rs.14/- per mensem to each full-time scavenger employed by them and hence the remuneration payable by this Department should have a fair comparison with that for similar appointments in the locality.

Further, I wish to mention that total strength of Regular and Maintenance Establishments sanctioned for Harihar Sub-section is 8 and the population of the Colony can be taken at 30 approximately. The sanitation work in the Colony is of considerable importance in the interest of the good health of the inhabitants. It is further to be noted that the Electric Colony is adjoining the local Travelers' Bungalow and hence cleanliness of the Colony is of further local importance. It is therefore necessary to raise the pay of the appointment of the scavenger and make it a full-time job so that a suitable hand may be employed permanently.

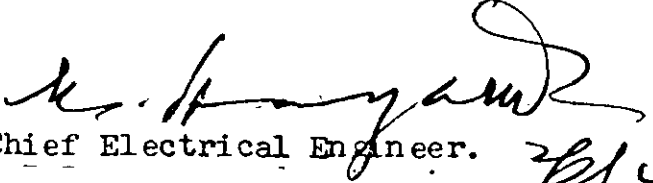

(P.T.O.)

- 2 -

Under the circumstances I would request you kindly to obtain sanction of Government to raise the pay of the appointment of scavenger at Harihar to Rs.14/- per mensem designating it as sweeper. The extra cost of Rs.132/- per annum on this account can be debited to "Working Expenses - Harihar Sub-section - Maintenance Establishment."

I have the honour to be,
Sir,
Your most obedient servant,

Chief Electrical Engineer. 26/4
